## MUNICIPAL REGULATIONS

FOR PAYMENT OF BILLS AGAINST THE CITY.

---

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract said liability.

The city will not be holden for merchandise sold or delivered on city pauper account, except on the written order of the Overseer of the Poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county pauper account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts, and no order will be given for its payment.

When bills are certified to as above, and left with the city clerk before 12 o'clock of the day of meeting of the Committee on Accounts, they will be audited by them, and, if approved, be ready for payment on the Thursday following.

Meetings of the Committee are held on the Thursday next preceding the second Tuesday in each month, at 2 o'clock P. M.

JOSEPH A. COCHRAN, *City Clerk.*

CITY GOVERNMENT,  
CONCORD, N. H.

---

\$4,500

Interest accrued, not yet due, \$90.

Whole amount of bonds issued by the city in aid of its school districts, \$120,500.

These bonds were issued under ordinances of the city council, as authorized to do by the act of the legislature of New Hamp-

shire, approved August 14, 1889, entitled "An act authorizing the city of Concord to borrow money in aid of its school-districts." These school-districts have, by their votes and by their agents duly authorized, bound themselves to the city to seasonably pay to the city sufficient sums of money to enable it to meet the payments of interest and principal upon their indebtedness, and all incidental expenses, as the same shall become due.

## PENACOOK SEWER PRECINCT.

SEWER BONDS, payable as follows :

When due.	Rate of interest.	Interest payable.	Amount.
August 1, 1898,	4,	semi-annually,	\$5,000
August 1, 1903,	4,	semi-annually,	5,000
August 1, 1908,	4,	semi-annually,	6,000
May 1, 1913,	4,	semi-annually,	5,000
Whole amount of bonds issued by the city for Penacook Sewer Precinct,			\$21,000
Interest accrued but not yet due, \$300.			

The above bonds were issued under ordinances passed by the city council establishing a sewer precinct in Penacook, and authorizing loans on the credit of the city for the establishing of said system. The ordinances also provide that the yearly interest and a portion of the principal shall be raised each year for the purpose of creating a sinking fund to pay said bonds as they mature as follows :

\$500 annually for ten years from August 1, 1888,

\$1,000 annually for five years from August 1, 1898,

\$1,200 annually for ten years from August 2, 1903,

\$1,000 annually for five years from May 1, 1908,

by taxation upon the taxable property in Penacook Sewer Precinct, said sums, as soon as received, to be placed at interest by the finance committee.

## REPORT OF COMMITTEE ON FINANCE.

---

The books of the city treasurer have been examined, and compared with those of the city clerk, by the Committee on Finance, and all the accounts are found to be correctly kept, with proper vouchers on file for all payments. All the bills allowed by the Committee on Accounts and Claims have been paid, and no claims against the city which the city would be liable to pay are known to remain outstanding, with the exception of those mentioned under the heading of unfunded debts; and the balance in the hands of the treasurer is forty-seven thousand eight hundred fifty dollars and thirty-one cents (\$47,850.31).

STILLMAN HUMPHREY,  
JOHN C. ORDWAY,  
GEORGE F. UNDERHILL,  
GEORGE H. MILTON,  
PATRICK H. COLEMAN,

*Committee on Finance.*

## CITY EXPENSES

FROM JANUARY 1 TO DECEMBER 31,

1889.

*Being an itemized account, made up from the books of the City Clerk, of the payments made by the City Treasurer on account of*

## RUNNING EXPENSES.

The arrangement of the details of expenditure which follows is intended to furnish such information as is desired by the public, and is in accordance with suggestions received from various sources. Items of payment to the same individual at sundry times are included in the aggregate amount given, if paid for the same objects. Every effort has been made to ascertain and pay all the bills for the current year; and in all cases, so far as known, payments of rent, etc., have been made to December 31, 1889, and salaries and committee service have been paid for the full municipal year. The expenses of the year, which are included in the general running expense, may be seen in the aggregate at the end of the detailed account here given. This is intended to include interest, but not the payment of maturing bonds.

## STATE TAX.

Paid Solon A. Carter, state treasurer, . . .	\$31,485.00
--	-------------

## COUNTY TAX.

Paid George A. Stone, county treasurer, . . .	\$24,291.67
---	-------------

## INTEREST.

Paid coupons and interest account, . . .	\$4,657.50
--	------------

## CONSTRUCTION.

*Cost of Land Damages, Flowage, and Water-Rights.*

Paid B. F. & D. Holden, for water-rights . . .	\$60,000.00
W. P. Cooledge, for mill-privilege and land . . .	5,500.00
W. P. Cooledge, for Hutchins house and lot . . .	2,250.00
Humphrey & Farnum, for kit-shop privilege . . .	5,000.00
Mary C. Rowell, for land . . . . .	1,500.00
Concord Manufacturing Co., for water-rights . . .	3,000.00
Flowage-rights about Penacook lake . . . . .	4,094.61
	\$81,344.61
Cost of property and rights of Torrent Aqueduct Asso., dam, gate-house, and appurtenances . . . . .	20,000.00
conduit and upper gate-house . . . . .	20,886.52
main (one from the dam to Rumford st., one from the dam to Penacook st., and the other from near the dam to Stark st.) . . . . .	22,653.11
	107,029.34
Amount carried forward . . . . .	\$251,913.58

Amount brought forward . . . . .	\$251,913.58
Cost of distribution pipes . . . . .	196,123.48
service pipes . . . . .	30,113.94
engineering and superintendence . . . . .	7,582.42
incidentals . . . . .	6,531.19
	<hr/>
Cost of the works, Jan. 1, 1890 . . . . .	\$492,264.61

Bonds of the city have been issued to pay a part of said cost as follows:

When due.	Rate.	Amount.
April 1, 1892,	6	\$200,000.00
" 1894,	6	130,000.00
" 1895,	6	20,000.00
Oct. 1, 1912,	4	45,000.00
Nov. 1, 1896,	4	10,000.00
" 1897,	4	10,000.00
" 1898,	4	10,000.00
" 1899,	4	10,000.00
		<hr/>
		\$435,000.00

The balance of said cost has been paid in part from the income of the works and in part by taxation. It will be noticed that items properly chargeable to construction account are included in the expenditures of the present year. Similar expenditures have been made each year.

## Report of the Superintendent.

---

*To the Board of Water Commissioners :*

I herewith present to you the annual statement of my accounts as Superintendent for the year ending December 31, 1889 :

### RECEIPTS.

For water from consumers, . . . . .	\$34,085.58	
From the city precinct for hydrants, . . . . .	5,760.00	
From delinquents, . . . . .	36.51	
For use of meters, . . . . .	67.92	
rent of Cooledge house, . . . . .	100.00	
rent of Cooledge lot, . . . . .	10.00	
rent of stable at Penacook lake, . . . . .	40.00	
rent of office, . . . . .	108.33	
pipe and stock sold, . . . . .	29.19	
	\$40,237.53	
Deduct abatements, . . . . .		34.86
Total receipts for 1889, . . . . .		\$40,202.67

### EXPENDITURES.

Paid V. C. Hastings, superintendent, . . . . .	\$1,500.00
E. L. Gove, labor, . . . . .	497.63
E. M. Byrnes, " . . . . .	150.00
Nathaniel White, Jr., rent, . . . . .	300.00
N. H. Democratic Press Co., printing, . . . . .	28.00
Silsby & Son, . . . . .	42.21
Ira C. Evans, printing, . . . . .	7.75
Concord Gas Light Co., . . . . .	13.96
Ranlet & Marsh, coal, . . . . .	32.75
Pilsbury & Day, coal. . . . .	34.85

Telephone Exchange, . . . .	\$108.00
John Chadwick, rent, . . . .	18.00
Sewall & Day, Manila cord, . . .	8.37
Geo. W. Chesley, chestnut plank, . .	56.63
J. B. Edson, charts, . . . .	5.00
Peck Brothers, brass goods, . . . .	119.90
Walworth Mfg., valves, pipe, and tools,	269.22
Gilechrist & Gorham, pipe, . . . .	192.54
Chapman Valve Mfg. Co., hydrants,	73.30
Peet Valve Co., valves, . . . .	20.26
National Tube Works, pipe, . . . .	150.24
Whittier Machine Co., . . . .	106.15
Geo. Goodhue, pipe, etc., . . . .	59.34
Munns & Paige, pipe, . . . .	8.60
National Meter Co., meters, . . . .	37.40
Hersey Meter Co., . . . .	19.25
Boston Lead Co., lead pipe, . . . .	113.94
Humphrey & Dodge, hardware, . . .	65.48
W. D. Thompson, hardware, . . . .	39.53
Scribner & Britton, . . . .	5.85
N. S. Gale, . . . .	5.93
Stevens & Duncklee, . . . .	17.34
Ford & Kimball, old lead and castings,	106.89
John C. Thorne, rubber boots, . . . .	5.00
O. Ballou, . . . .	12.00
N. C. Nelson, repairing clock, . . . .	2.00
Thos. Watkins, . . . .	8.50
E. B. Hutchinson, labor and lumber,	72.64
Davis & Farnum Mfg. Co., pipe and castings, . . . .	40.24
Granite Railway Co., old lead, . . . .	11.50
Isaac Baty, old lead, . . . .	8.07
Brown & Abbott, team work, . . . .	45.95
W. B. Cunningham, . . . .	11.25
A. L. Proctor, . . . .	13.55
Geo. F. Sewall, . . . .	2.30
Geo. L. Theobald, . . . .	4.05
Davis Brothers, team work, . . . .	3.25
A. R. Ayers, room paper, . . . .	3.73

W. A. Huntress, . . . . .	\$2.38
V. C. Hastings, cash paid out, . . . . .	76.04
C. H. Martin & Co., . . . . .	12.42
Batchelder & Co., . . . . .	6.59
Foss & Merrill, engineering, . . . . .	32.85
James H. Rowell & Co., concrete, . . . . .	2.00
Woodworth & Co., cement, . . . . .	23.60
Wm. S. Davis & Son, . . . . .	1.25
S. G. Sanborn, rent, etc., . . . . .	7.25
J. M. Crossman, smith-work, . . . . .	2.60
E. B. Hanchay, " . . . . .	20.20
F. W. Landon, . . . . .	13.20
Concord Railroad, freight, . . . . .	22.30
E. A. Moulton, painting, . . . . .	10.90
B. Billsborough, " . . . . .	5.50
O. F. Richardson, labor, . . . . .	11.25
Penacook Sewer Department, labor, . . . . .	10.80
Henry Morrill, labor, . . . . .	7.05
Pay-roll, labor, . . . . .	1,849.35
R. D. Wood & Co., pipe, . . . . .	750.37
M. J. Drummond, pipe, . . . . .	384.45
Incidentals, . . . . .	70.75
	<hr/>
	\$7,781.44

The expenses are divided as follows :

For management and repairs, . . . . .	\$3,036.81
new service pipes, . . . . .	1,431.00
new distribution pipes, . . . . .	3,035.68
lowering the grade on Warren street, . . . . .	277.95
	<hr/>
	\$7,781.44

## EXTENSIONS AND IMPROVEMENTS.

Main and distribution pipes have been laid and hydrants set, during the year, as follows :

*In Durgin street,*

south from School street, 265 feet 6-in. pipe, and 1 hydrant.

*In Perley street,*

from Joseph A. Gervais's house, west to South street, 260 feet 4-in. pipe and 1 hydrant.

*In Blake street,*

from Green street east, 300 feet 4-in. pipe.

*In Prince street,*

from Green to No. Spring street, 515 feet 4-in. pipe.

*In Perry Ave.,*

south from Washington street, 335 feet 4-in. pipe and 1 hydrant.

*In Highland street,*

west from Bradley street, 432 feet 4-in. pipe.

*In Walker street,*

west from Bradley street, 488 feet 4-in. pipe.

*In Charles street,*

south from Franklin street, 181 feet 4-in. pipe.

*In Lyndon street,*

north from Beacon street, 230 feet 4-in. pipe.

*In Ferry street,*

east from Wm. P. Ford & Co.'s foundry, 672 feet 4-in. pipe, and one hydrant.

*In Maple street, Penacook,*

west from High street, 214 feet 4-in. pipe.

*In Fifth Ave.,*

near S. Paul's School, 585 feet 2-in. pipe.

*In Forest street,*

58 feet 2-in. pipe.

*In Bye street, Penacook,*

293 feet 2-in. pipe.

Lowering the grade of Warren street near the jail by the street department necessitated laying 327 feet 4-in. pipe and relaying the service pipes, at an expense of \$277.95.

## SUMMARY OF THE FOREGOING.

<i>Pipes.</i>	<i>Hydrants.</i>	<i>Stop-Gates.</i>
$\frac{3}{4}$ -in., 200 feet.	Perley street, 1	4-in., 14
1-in., 1,082 feet.	Durgin street, 1	6-in., 4
2-in., 936 feet.	Washington street, 1	
4-in., 3,627 feet.	Ferry street, 1	—
6-in., 265 feet.	—	18
	4	
6,110 feet.	Whole number hy-	Whole number gates
—equal to 1.15 miles.	drants now in use, 174	now in use, 389

## SERVICE PIPES.

There have been laid during the year, and connected with the main pipe, 143 service pipes, consisting of,—

134 $\frac{3}{4}$ -inch, or 3,015 feet.
6 2-inch, 202 “
2 4-inch, 67 “
1 6-inch, 6 “
—
143 3,290 “

Whole number service pipes, 2,309.

Whole number of feet, 53,602, equal to  $10\frac{15}{100}$  miles.

There have been repaired during the year 15 leaks.

The following table shows the height of water at the lake on the first day of each month :

January, . . . 182.75	July, . . . 181.30
February, . . . 182.00	August, . . . 180.80
March, . . . 180.90	September, . . . 179.70
April, . . . 182.10	October, . . . 179.00
May, . . . 182.30	November, . . . 178.90
June, . . . 181.70	December, . . . 179.50

The lowest point reached was November 15, being 178.85; the highest was January 1, 182.75;—mean height, 180.91, being 1.05 feet lower than during the year 1888.

Respectfully submitted,

V. C. HASTINGS, *Supt.*

## Report of the Water Commissioners.

*To the City Council:*

The Water Commissioners herewith present their report of the operations of the Water Department for the year 1889 :

The construction account Jan. 1,

1889, was . . . . .	\$487,797.93
Increase during the year, . . . . .	4,466.68

Cost of the works Jan. 1, 1890, . . . . .	\$492,264.61
---	--------------

The receipts and expenditures for 1889 appear in the foregoing report of the superintendent in detail :

Gross receipts for 1889, . . . . .	\$40,237.53
“ “ “ 1888, . . . . .	38,441.32

Increase for 1889. . . . .	\$1,796.21
----------------------------	------------

The actual increase for 1889 was	\$2,396.21
----------------------------------	------------

Accounted for as follows :

from the extension to Millville, . . . . .	\$92.55
from the extension to Penacook, . . . . .	415.74
from the compact part of the city, . . . . .	1,887.92
	2,396.21

In anticipation of an increase of receipts

the commissioners decreased the amount

charged the water precinct for water

for hydrant service, . . . . .	600.00
--------------------------------	--------

Leaving the increase as stated above	\$1,796.21
--------------------------------------	------------

The increase of population in the city has required an extension of the distribution and service pipes 6,110 feet, but 2,772 feet of  $\frac{3}{4}$  and 1-inch pipe has been taken up, so that the actual increase is 3,338 feet. The commissioners have reason to expect that a similar increase will be required for 1890.

The number of leaks during the year was fifteen, as against

eleven last year, but three of the leaks were caused by lightning, reducing the number to twelve from all other causes.

In our report for 1888 we stated that there was a temporary indebtedness of \$7,000. This indebtedness, with interest amounting to 240, has been paid from the earnings for 1889, leaving a balance on hand of \$781.23.

The pressure in the most elevated parts of the precinct is hardly sufficient to meet the requirements of the citizens residing there, and properly to protect the property there located. The commissioners have had this matter under consideration, but as yet have not decided upon a plan. It is probable that some additional expenditure will be required for this purpose in the near future.

All of which is respectfully submitted,

JAMES L. MASON,  
JOSEPH H. ABBOT,  
SAMUEL S. KIMBALL,  
GEORGE A. YOUNG,  
JOHN KIMBALL,  
WILLIAM M. CHASE,  
STILLMAN HUMPHREY,

*Water Commissioners.*

## TREASURER'S REPORT.

—

W. F. THAYER, *Treasurer*,

In account with CONCORD WATER-WORKS.

### RECEIPTS.

Balance on hand, January 1, 1889,	.	\$492.49
Income of Water-Works,	. . . . .	40,202.67

## STREET DEPARTMENT.

---

### REPORT OF THE COMMISSIONER OF HIGHWAYS.

---

During the season Main street from Bridge to Centre has been paved with block paving, and Capital street has been paved with concrete from State to Green, the latter at an expense of \$949.75.

The macadamizing on Warren street from State to Spring has been recoated, as has also Main street from Thorndike to Cross street. North Main street from Washington to Church street, and State street from Walker to Penacook street, have been newly macadamized.

Horse Hill bridge has been entirely planked and new stringers put in, as have also Twin bridge at Penacook and Borough bridge.

While the Free bridge is practically safe for present travel, it is fast growing weaker, and should be replaced at an early day by a new one, as the present bridge cannot be repaired with economy. The iron bridge at East Concord has got to be entirely replanked and new stringers put in.

It has been necessary to put in a great many new catch basins at Penacook the past season, which work will not have to be repeated for some time to come.

The extensions of Walker street and Capitol street have been built the past year.

The constant call for new streets, and the cost of building them, necessitates a considerable increase in the expenses each year.

Respectfully submitted.

DANIEL K. ABBOTT,  
*Commissioner of Highways.*

Below is a list of the property belonging to the city and under the control of this department, which varies somewhat from year to year :

Lumber, stone, etc., at city storehouse, .	\$400.00
Three horses, . . . . .	600.00
Two stone rollers, . . . . .	250.00
Five street sprinklers, . . . . .	1,100.00
Stone-crusher, engine, and building, .	2,000.00
Street sweeper, . . . . .	350.00
Horse-cart and wagon, . . . . .	50.00
Three road-machines, . . . . .	450.00
Large horse-sled, . . . . .	50.00
Small horse-sled, . . . . .	15.00
Two-horse dump-cart, . . . . .	100.00
One derrick, . . . . .	100.00
Picks, shovels, and small tools, . . .	400.00
	<u>          </u> \$5,865.00

There has also been paid to the city treasurer the sum of \$955.17 for amounts collected of abutters for their proportions of concrete sidewalks, as follows :

		<hr/>
		\$1,168.50

Since the above report was handed in, a few have paid their proportion, which will go into the account next year.

The collection of subscriptions for the street sprinkling has been attended to as heretofore by Mr. Howard M. Cook, and the results are as satisfactory as could be expected under the present system.

The full account of individual subscriptions is presented for the information of the public.

All which is respectfully submitted as supplementary to the report, by

DANIEL K. ABBOTT,  
*Commissioner of Highways.*

## REPORT OF THE COMMITTEE ON SEWERS AND DRAINS.

---

*To the City Council:*

Your committee having in charge the construction and care of the public sewers of our city would submit the following report for the year ending December 31, 1889 :

Whole amount appropriated,	.	.	\$6,000.00
Amount expended,	.	.	6,528.21
			6,528.21
Excess of expenditures over appropriations,	.	.	\$528.21

An itemized account of the same will be found under the proper head in the precinct expenditures. It will be noticed that a little larger sum has been expended in this department than was done last year, rendered necessary on account of the unusual growth of our city and other pressing reasons for better sewerage in different localities.

We have been able to construct the sewer that has been so long needed in the western part of the precinct, from Tahanto to Liberty street on Warren street, and from School to Orchard street on Pine street, thus relieving a large and populous section of the city that has long needed sewers, both for house drainage and for removing water from the streets, that could not before be done.

We found the same difficulties and troubles existing at the south end "Brook Sewer" so called, near Water street, that had caused our predecessors so much annoyance, and how best to remedy it with the least expense so as to give permanent relief has been our aim. Plans that were considered feasible at first, were, upon further investigation, rejected as being likely

to furnish only temporary relief. In the meantime your committee decided to repair the break in the sewer by rebuilding a section of it of double thickness and putting in an overflow. While this cannot in any way remove the cause for complaint, it will, in case of a heavy rain-fall, instantly relieve the sewer of the tremendous strain, thus preventing another break, consequently a large expense to the city. For this reason your committee have deemed this advisable as a temporary arrangement, and, as we reported a few months since, we recommend that a survey be made and plans prepared for a system of sewerage that would not only relieve the extraordinary pressure now made upon the present Brook sewer, but would also accommodate some portions of our city that cannot now reach the public sewers, viz., from the county jail and Odd Fellows' Home southerly to the Old Fair Ground so called.

We have, agreeably to instructions, engaged engineers to make a survey of the section above described, and we hope to report plans for the same at an early day. This work seems to be of so much importance, that we recommend that early action be taken and an appropriation be made to enable us to build a sewer of suitable dimensions from some point on Allison street to the river, early the coming season.

The Committee on Sewers and Drains for 1888, in their report, say that "the important matter will have to be considered soon of extending the large brick sewer from the foot of Depot street to Main and thence up Warren to Spring street." The same necessity now exists, only in a greater degree, and should have our attention.

The 20-inch main sewer at the north end of the precinct, running across the intervale near the shops of the New England Granite Co., has not one half of the capacity of the branch sewers discharging into it, consequently is not able oftentimes properly to convey to the river the increasing sewerage and drainage in that growing section of our city. Some plans based upon a survey should be adopted as early as may be, so that when work is commenced there it might be continued upon some definite plan that will embrace that whole district.

During the year we have laid 3,972 feet of sewer pipe of all sizes, and have rebuilt a portion of the 30 by 36 brick sewer

near Water street. An approximate cost of each line we have given below as near as practicable :

Warren street, 596 feet 12-inch pipe, 484 feet 10-inch pipe, 50 feet 6-inch pipe,	
Pine street between School and Warren, 500 feet 10-inch pipe, between Orchard and Warren 270 feet 8-inch pipe, . . . . .	\$3,450.00
School street, west of Pine, 185 feet 10-inch pipe,	350.00
Jackson street, 50 feet 8-inch pipe, . . . . .	35.50
Rear of South Main street, 85 feet 10-inch pipe, 455 feet 12-inch pipe, . . . . .	624.00
Rear of Horse-Car stables, 312 feet 8-inch pipe, . . . . .	210.50
Franklin street, 584 feet 12-inch pipe, 72 feet 10-inch pipe, . . . . .	800.00
South State street, 245 feet 10-inch pipe, . . . . .	190.00
Lyndon street, 84 feet 8-inch pipe, . . . . .	48.00
Repairing Brook sewer, . . . . .	490.00

The variation in the amount of the subdivisions and the full sum expended arises from the many incidental charges for tools, teaming, surveying, sharpening tools, lumber, &c., that could not properly be assigned to any particular section.

We have aimed to have the work done in a substantial manner and at as low a price as such work could be done. We have been unable to build all of the sewers petitioned for: these will come up for early consideration next spring. No doubt other sewers will be asked for, as new streets are opened and occupied with dwellings, so that liberal appropriations will probably be required to meet all of the reasonable demands.

STILLMAN HUMPHREY,  
WILLIAM E. HOOD,  
FRANK P. QUIMBY,  
W. W. ALLEN,

*Committee on Sewers and Drains.*

## REPORT OF PENACOOK SEWER PRE- CINCT.

---

*To the City Council of Concord :*

The system of sewerage that was established, surveyed, and partially constructed last year has been further advanced the past summer, and should be still further carried on until all parts of our village have the benefits of a complete sewerage system. Considerable extra and unlooked for expense was incurred in our work the past year, on account of a change in the plans for the Charles street sewer, made necessary by the strong objections to the making the Contoocook river, above the Contoocook Co.'s dam, the outlet of said sewer. This obliged us to relay the Warren Street sewer at greater depth and with larger pipe, and greatly increase the depth of the one on Charles street. But we believe the change was for the public good, and that the tax-payers of the precinct would willingly pay the increased expense rather than have another outlet in the compact part of the village, in comparatively still water.

It was the intention to improve and put in permanent shape the main outlet at the Merrimack river, and also the one on the north side of the Contoocook river. The stone has been purchased and delivered to build a bulkhead at the former, and pipe for the latter, to carry the sewage out into deep and running water, but the wet season and early high water have prevented. This should be attended to at the first favorable opportunity.

The following is the amount of pipe laid the past summer :

High street, 520 feet 8 inches.

Maple street, 320 feet 8 inches.

Summit street, 56 feet 8 inches.

Union street, 326 feet 8 inches.

Brook sewer, 225 feet 8 inches.

Elm street, 254 feet 8 inches, and 114 feet 10 inches.

Elm street to the Contoocook river, 300 feet 10 inches.

Bye street to Summer street, 285 feet 8 inches.

Summer street, 282 feet 8 inches.

Cross street, 480 feet 8 inches.

Spring street, 154 feet 8 inches.

Charles street, east end, 125 feet 8 inches.

Charles street, west end, 1,260 feet 10 inches.

Washington street, 350 feet 8 inches.

Warren street, relaid with 200 feet of 12 inch pipe (formerly 10 inch.), together with all necessary man- and lantern-holes.

W. W. ALLEN, *Superintendent.*

## EDUCATIONAL DEPARTMENT.

---

The school reports are not prepared until the close of the school year in March, and are consequently omitted from this volume.

## PUBLIC LIBRARY.

## REPORT OF THE TRUSTEES.

*To the City Council :*

We beg to present to your honorable body the annual report of the trustees of the public library.

The year 1889 has been, at times, full of surprises and problems, owing to the removal of the books to the new Fowler Library building and to the incidents attendant thereto. The first year brought a demand for books and other reading matter that had not been provided for or even thought of. At times the situation has been perplexing, but explanations on the part of the Librarian and his assistants demonstrated to the patrons the impossibility of always providing the books of one's choice. In many instances the books indicated on one's card could not be supplied owing to the limited number of books in the library. The supply of books is too limited for the public demand, and as this demand will grow every year, but one thing will meet the exigency, namely, the largest appropriation on the part of your honorable body consistent with public policy, so that the supply of books may meet the requirements of the day. The trustees were called upon to try the experiment of liberally maintaining a public reading-room, where the leading newspapers and magazines could easily be attainable. The result has justified the experiment. Its readers increase in number, and its popularity is assured.

The reference-room, one of the most essential parts of any library, is constantly used by the teachers and scholars of our schools, as well as by mature readers and those in search of special or encyclopaedic knowledge. To this department the

trustees have devoted much time and expended as much money as circumstances warranted.

The public are interested in the welfare of the library, the outlay comes back to the people, the books belong to them: therefore, representing a population increasing in numbers and increasing in knowledge, we respectfully submit our report, confident that our immediate needs will be understood, and that measures will be adopted whereby our public library may be given strength to gain a proud standing in the land.

Respectfully,

ABIAL ROLFE,	WARD 1
JOSEPH T. CLOUGH,	" 2
PAUL R. HOLDEN,	" 3
WILLIAM L. FOSTER,	" 4
CHARLES R. CORNING,	" 5
JAMES S. NORRIS,	" 6
WILLIAM W. FLINT,	" 7

## LIBRARIAN'S REPORT.

*To the Board of Trustees :*

The Library has been open for the delivery of books every week-day during the year, as follows :

47 days, 11 hours each day,	.	.	517 hours.
231 " 10 " "	.	.	2,310 "
27 " 8 " "	.	.	216 "
2 " 4½ " "	.	.	9 "
2 " 4 " "	.	.	8 "
2 " 3 " "	.	.	6 "
2 " 2 " "	.	.	4 "
<hr/> 313 days.			<hr/> 3,070 hours.

Averaging a trifle over 9¾ hours each day.

## CIRCULATION OF BOOKS.

The number of books issued to patrons in that time has been as follows :

May,	832	November,	769
June,	696	December,	835

Twenty-four cards have been issued to parties residing in Boscawen, for which 25 cents each was charged, according to agreement.

The boxes of books have been carefully packed and promptly delivered at the library by Messrs. Gale and Cunningham.

## BOOKS PURCHASED.

Eleven hundred and fifty volumes have been purchased, included in which are twenty-seven volumes of novels in the French language, selected by M. Pingault, which, with a few volumes of historical works presented by W. P. Fowler, Esq., have been placed on the shelves for the use of the patrons of the library.

## FISHERVILLE PUBLIC LIBRARY.

Sixteen hundred volumes of various kinds were received from the Fisherville Public Library in September last. Of these, one hundred were worn out and worthless;—of the remainder, three fourths were duplicates of books already in the library: many of these have been taken to replace books that were badly worn;—two hundred of the remainder have been catalogued and placed on the shelves.

There was also received with the library an imperfect file of the *Official Gazette* of the United States Patent Office from January, 1873, to January, 1884, of which the part published between June, 1875, and January, 1879, will enable us to nearly complete our file of that valuable publication.

## DONATIONS.

Seven hundred books and pamphlets have been presented to the library from citizens of Concord, state and city officers, members of Congress, and the executive departments at Washington.

Nearly four hundred volumes of the above were the gift of William P. Fowler, Esq., among which was a nearly perfect file of the *North American Review* from January, 1820, to January, 1866, including nineteen bound volumes, the remainder being in the original quarterly numbers.

This gift has recently been supplemented by the gift of another file of the same from January, 1866, to January, 1878, by Samuel C. Eastman, Esq., making, with the numbers already in possession of the library, an almost unbroken file of the *Review* for seventy years.

## THE READING-ROOM.

has been open every day through the year on week-days, through library hours, and on Sunday from one to five o'clock, p. m.

Probably forty persons per day, on an average, have availed themselves of its use on week-days. The Sunday attendance has been much smaller.

Copies of the leading American magazines are placed on the table when received, and the following newspapers are placed on the files :

*Dailies.*

Concord Evening Monitor ; People and Patriot.  
 Boston Journal ; Traveller ; Herald.  
 New York Tribune ; Sun ; Herald.  
 Philadelphia Times.  
 Atlanta Constitution.  
 Chicago Tribune.

*Tri-Weekly.*

London Mail.

*Weeklies.*

Springfield Republican.  
 St. Louis Globe-Democrat.  
 Louisville Courier-Journal.  
 New Orleans Picayune.

The Oregonian.  
West Shore.  
Public Opinion.

*Illustrated Weeklies.*

Harper's Weekly.  
Frank Leslie's.  
Scientific American.  
London News.

*Monthlies.*

The Unitarian.  
Shaker Manifesto.

The Oregonian and West Shore weeklies, and the Unitarian and Shaker Manifesto monthlies, are presented to the reading-room.

PERIODICALS.

The following list of periodicals has been ordered for the coming year to supply the increasing demand for magazine literature :

Harper's New Monthly.  
The Century.  
Lippincott's Magazine and Scribner's Monthly, 5 copies each.  
St. Nicholas and Wide-Awake, 4 copies each.  
The Atlantic Monthly.  
Overland Monthly.  
The Cosmopolitan.  
The Forum.  
North American Review and Popular Science Monthly, 3 copies each.  
The Outing and The New England Magazine, 2 copies each.  
New England Hist. and Gen. Register.  
Magazine of American History.  
Granite Monthly and Andover Review, 1 copy each.

These are issued instead of books to such patrons as may wish for them.

Respectfully submitted,

D. F. SECOMB, *Librarian.*

January 1, 1890.

## TREASURER'S REPORT.

*To the City Council:*

The balance in the hands of the Treasurer, January 1, 1889, was \$168.85, to which have been added appropriations, \$1,200, a special to meet the extra expenses of the previous year, and regular of \$4,000, and sale of books \$4.75, making a total of \$5,373.60, as available funds for the purposes of the library.

Of this sum \$5,127.90 has been expended as per itemized account in the expenses of the city, leaving a balance of \$358.20 in the hands of the Treasurer.

## HEALTH DEPARTMENT.

---

### REPORT OF THE BOARD OF HEALTH.

*To the City Council :*

In submitting to your notice our third annual report, we would again return our thanks for your most cordial support ; and in behalf of our citizens it is a pleasure to assure you that the rules and regulations you have approved have been received with almost universal favor.

The work of the board and its health officer is fairly well outlined in the ordinances you have enacted, and which are but well defined provisions of our statute law.

Our work may seem arbitrary to those whom it becomes necessary to admonish that they have failed to comply with the requirements of the law ; yet we submit there is no personality in our actions.

All classes are treated alike. The service of our health officer is free to all. His services can be secured by the rich and the poor, and he is ever ready to assist every one in bringing about the best possible conditions at the least possible trouble and expense. A health officer is a servant of the public, and, like any other police officer, has only in view the best interest of the city and the health of the people.

In matters of this kind it is of great importance that every officer shall be strictly impartial in the administrative and executive department of his labor ; and it is of equal importance that the same spirit shall be exhibited by the public.

Personal animosities and neighborhood contentions have no place in the work of a health officer, nor should he be expected to be always on the watch for the possibility of local and neighborhood strife entering into and becoming a part of the reasons for a complaint.

In all matters pertaining to the welfare of our city and the health of our citizens the people should show themselves superior to personal, partisan, or sectarian selfishness ; but, "with malice toward none, with charity for all, with firmness in the right, as God gives us to see the right, let us finish the work we are in," trusting that our labors will continue to keep Concord in such sanitary condition that every one can point with honest and just pride to her hygienic position.

Obviously it would be impossible to formulate rules and regulations for the guidance and protection of the public health without an organized body charged with the execution of the same. Divided authority and the uncertain sounds of a multitude of counsellors will always result in a deplorable condition of affairs, whether it be in matters pertaining to health or to business.

#### NEW HEALTH OFFICER.

With the increased duties imposed upon the health officers, as determined by the city council last March, it became necessary for the board to secure the service of a practical workman to supervise the construction of service drains and sewers ; and we congratulate our citizens that we were able to obtain so efficient service as has been afforded by Mr. Henry A. Rowell, who has devoted his entire time to the sanitary work of the city since his appointment.

In this connection the board would take occasion to recall your attention to the very efficient service of Mr. Rowell's predecessor, Mr. Howard M. Cook, who did so much, during his two years of diligent and faithful labor, in laying out the work, making systematic inspections, formulating rules and blanks, and serving notices upon owners and occupants of buildings of the reforms required by the ordinances of the city as well as the statutes of the state.

Such systematic labor for two years rendered it possible for the present health officer to accomplish far greater and better results in the past year than would have been otherwise practicable.

## REPORT OF THE HEALTH OFFICER.

We would respectfully invite your attention to the report of the health officer herewith appended, and to the recommendations he suggests, all of which meets with the approval of this board; and we would also make a further suggestion, in regard to drain-layers, that any one having been licensed to lay drains, and who shall disregard the requirements of the ordinance, in avoiding inspection of his work or failing to obtain a permit as prescribed, it shall be held as a good and sufficient reason for the Committee on Sewers and Drains to revoke said license.

The board have good reason to assure the council that your effort to secure a personal supervision over our sewers and drains merits the approval of every citizen, elevates the sanitary standard of our city, and increases the value of our real estate.

## CITY BUILDING FOR POLICE PURPOSES.

We would congratulate the city upon the progressive movement that has been made during the past year towards securing a modern and approved building for the police department.

It is a pleasure to note the work of the committee having this matter in charge, and to express the hope that the building so strongly condemned last year by this board and the police department will very soon become "a thing of the past." In the erection of a new and improved building we believe no one will ever regret the expense necessary to carry out a humane principle, even though it be for the temporary detention of those who are so unfortunate as to be the victims of a vice, or of the more perverse and hardened criminal.

In this connection we would renew our suggestion of last year in relation to the city's duty to provide an ambulance to meet the many calls for such a means of conveyance for the sick, the helpless, and the injured.

## LIVERY AND OTHER STABLES.

Early in the winter some of our stable-keepers submitted to your council a proposition to have the restrictions governing their premises so far removed as to allow them to keep hogs and pigs under their stables during the winter months.

The parties interested had a hearing before a committee of your council, and the proposition was rejected. Your board of health believe this to have been a wise course, and to have been a decision the people will sustain.

Let us ever be progressive,—make improvements everywhere. Let us make methodical and systematic changes, and we shall not find it necessary to retract or repeal rules and regulations. As our city increases in size and population, it will become necessary to enact further rules and regulations, for, while a stable may not be considered actually unhealthy in the sense of producing disease, yet in all large cities the statute declares them to be a nuisance, and in many places even a license to erect and maintain a private stable is refused.

In this connection the board would respectfully urge upon the council the necessity of a thorough reform in the stables of the Central Fire Station. The conditions required when this station was erected were not such as we would now recommend, and the committee and the chief of the fire department should be ordered to devise and encourage a new departure whereby this station and its stable shall not become a nuisance to the neighborhood.

The rules and regulations you have approved to govern livery and other stables apply with equal force to the public property of the city; and the conditions that would render a stable a nuisance in one part of the city must be subject to the same charge in another section, and ownership has nothing to do with the case.

#### REGARDING DOGS.

In the excellent report of our police department your attention has been called to the complaints of our citizens about the unrestrained manner in which dogs are permitted to run at large. We believe this to be a matter that should receive your impartial attention, and the recommendations of the city marshal, or some other stringent regulations, should be adopted.

Scarcely a physician in our city but can bear witness that many of our citizens are greatly alarmed every year in consequence of children and others being attacked by dogs, in the streets, upon the sidewalks, and in the yards of residents, and investigation generally fails to show any adequate provocation

on the part of the one injured. There should be something more than a small tax imposed as a restriction, for dogs, like other animals, should not be allowed to trespass beyond the limits of their owners' premises, and when found away from their homes should be treated in the same manner as horses, oxen, or a herd of cattle would be when found running at large upon another's premises. There is no more reason in allowing yards, lawns, and gardens to be entered upon and injured by dogs, than to have cattle roving about and destroying flowers, shrubs, and other property. It may be said that any person aggrieved can have recourse to the common law governing matters of damages; yet it is a well known fact that custom and courtesy have so long governed public opinion in this matter that for a man to have a dog case in court is generally regarded as only another form of showing his personal animosity.

#### FIRE ESCAPES.

In our report last year your attention was called to the law governing the construction of fire-escapes, and it was suggested that rules and regulations should be made that would make it the duty of some one to see that the law was complied with; but nothing has been done to render the law more effective. In fact, public buildings for school purposes are being erected without any means of escape, as contemplated by the state law and by a recent vote of the city council. It is well understood that the committee having the matter in charge have provided the usual means of entrance and exit, but no outside stairways have been constructed as contemplated by the state law of 1883, and the action of the city council above referred to.

Examples of this kind are not for the best interests of our city, for architects and others will be liable to regard the statute as a dead letter until the servants of the city are made to comply with its provisions.

The board awaited your action regarding the appointment of a chief engineer of the fire department with a great deal of interest, as the employment of a competent person, who should give his entire services to its duties, would allow him to carry out the provisions of the law, and thereby protect the lives and property of our citizens.

## GARBAGE.

We believe the problem that will next confront the health department will be the question of what shall be done with the garbage of our city, including all forms of waste and effete material.

There is an ever increasing amount of waste products that must be removed. Individual effort is oftentimes of no avail, and combinations of a voluntary character among individuals having similar conditions to overcome are only practical for short periods unless the voluntary action is merged into a corporate power; therefore the individual should not object to a reasonable tax to support a system that would regularly take away from his premises the rubbish of all kinds that will naturally have to be removed in order to place his house and grounds in a hygienic condition. The average annual cost would probably be less than most citizens now pay for the carrying away of ashes and other refuse that must be disposed of.

The organization of a department to deal with this waste material is but a small matter, compared with the solution of the problem of what shall be done with the garbage when it shall have been gathered up by the city teams. We cannot throw it into the river, or dump it on vacant lots, without creating a nuisance at some point, which is neither right nor desirable.

Certain portions of garbage, when properly managed, have a commercial value. Such material as the leaves that come from our shade-trees, street sweepings, refuse from the catch-basins, mud from the gutters and pavements, when composted, have a value for fertilizing purposes; yet the evolution of taking this matter from the streets and returning it to the soil requires an amount of capital invested in a plant that no business man would advise the city to expend.

There is an immense quantity of ashes to be carted away that might be used to fill low ground, except that it is the custom for people to mix all kinds of animal and vegetable material with the ash heap. Such mixing of animal, vegetable, and mineral waste renders the whole mass offensive in hot weather.

The problem is still unsettled, yet is being investigated by municipal and health authorities in many places. So far as we are able to judge from reports that have been published, it is

our opinion that some form of cremation eventually will offer a practical solution.

#### WHAT CONSTITUTES A NUISANCE.

The board or its members are oftentimes asked what constitutes a nuisance, and therefore it may not be amiss to define the term. This would hardly be necessary were it not a fact that many people seem to regard it as one of their inherent rights to do what they please, so long as they do not trespass upon the domain of others. Very often such people seem to forget that there is any difference between the sanitary conditions of the town and the city. It does not occur to them that there must be vast differences in the social compact between the farm-house with its wide-spread acres, and the house-lot in the city that is measured in square feet, and that conditions that might constitute a nuisance in the one place might be of importance as a necessary adjunct of the other.

Strictly speaking, any use of property annoying to another's rights is a nuisance. Still, two things are necessary,—a right and an injury. To illustrate: No matter how much your refined taste may be violated by the architectural structure of your neighbor's house, it is not a nuisance because no right is violated. So one may not like the looks of a neighbor's pig-pen, still one can look the other way; but so soon as that pig-pen gives off offensive odors, as it will in hot weather, it is a nuisance, because every person has a right to pure air.

The nuisance need not be injurious to health: it is enough that it is annoying and offensive to the senses.

Most nuisances may be classified as violations of our right to pure air and pure water, the practical inference being that in the management of our own affairs we should not be unmindful of the rights of our neighbors; and we would add that in no place can the golden rule be better applied than in matters relating to the sanitary conditions of local districts in a small city.

#### CONCLUSION.

In conclusion, your board would take this opportunity to urge upon all our citizens the importance of thorough sanitation. Not only observe the condition of one's own premises,

but it is well to pay some attention to the conditions existing in vacant lots, courts, alleys, and drive-ways used in common by several parties. Such places may not have any one especially interested who will look after their hygienic state. Pure air, pure water, and a pure soil are prerequisites that every citizen has a right to expect, but such conditions can only be maintained by the united will of the people that this standard shall not be deteriorated by a want of harmony of thought and action. Let every person consider for a moment that as an elementary part of Concord's population it represents a corresponding part of her popular voice in a work of this kind.

Sanitary reform is in no wise different from the progressive steps in every great and good work. Nothing of this nature ever outgrows or goes beyond the sentiment of the people. Enthusiasm on the part of a few who have given a great deal of time and thought to a subject must not be mistaken for the will of the people, who, for the want of proper information, may honestly differ upon very simple questions affecting the public.

It is as useless in sanitation as it is in any other social problem, to get so far in advance of public opinion as to have a reaction. An enthusiasm leading to such results will sooner or later receive a rude shock, for people are not inclined to give a universal acceptance to any one's theory of reform until they become educated and familiar with its principles. Then they become the exponents of public sentiment, and demand a reform with a force evolved from public opinion; therefore, no one can meet it with indifference. At the present time the press is placing before the people a great deal in the way of sanitary information, and we may confidently expect public sentiment to keep pace with the reforms necessary to keep our city in as healthy a condition as is possible. Therefore it surely behooves us to keep the matter of the future hygienic state of our city ever in mind, as ours is a government by the people and for the people, while we are but the servants of the public for a public trust.

G. P. CONN, M. D.,  
H. C. CUMMINGS, M. D.

E. N. PEARSON,  
*Secretary.*

## REPORT OF THE HEALTH OFFICER.

### *To the Board of Health:*

GENTLEMEN: The health officer herewith submits the report of the affairs of his office from the time when he assumed his duties on May 1, 1889, to the end of the year, December 31, 1889.

The number of requests for investigations and complaints for existing nuisances aggregate 383, and the nature of the complaints will be shown by the following subdivisions:

Bad well water, . . . . .	6
Bad drainage, . . . . .	12
Dead animals, . . . . .	14
Defects in sewers, . . . . .	27
Dumping rubbish, . . . . .	6
Filthy stables, . . . . .	9
Filthy cellars, . . . . .	17
Filthy water-closets, . . . . .	11
Offensive garbage, . . . . .	7
Throwing out slops, . . . . .	7
Accumulating vegetable matter, . . . . .	12
Stagnant water in cellars, . . . . .	9
Keeping hens, . . . . .	8
Accumulating rubbish, . . . . .	21
Keeping hogs, . . . . .	16
Offensive cesspools, . . . . .	11
Filthy premises, . . . . .	7
Offensive sink-drains, . . . . .	43
Offensive manure-heaps, . . . . .	12
Offensive privies and vaults, . . . . .	108
Offensive catch-basins, . . . . .	16
Dropping manure in street, . . . . .	4

From the foregoing it will be seen that the number of complaints brought to the attention of the office would average more

than one for each day in the year ; but every case has received its fair consideration.

A large majority of the complaints were proved to be well founded, and wherever a nuisance was found to exist its abatement was ordered at once. It is a pleasure to be able to add that in most cases the parties responsible readily complied with the orders of the health officer, and immediately provided for the correction of the objectionable matters brought to their notice—a fair indication that the public desire to sustain the officers in their efforts to enforce the ordinances relating to public health.

#### SANITARY INSPECTIONS.

The system of regular inspections for the purpose of ascertaining the sanitary condition of the entire compact portion of the city has been continued, and considerable progress has been made in tabulating and arranging for reference the information thus gained. This work has included the inspection of

271 private dwelling-houses,
306 tenement-houses,
41 stables,
7 meat-markets,
11 store cellars,
2 hotels,
10 business blocks,

making a total of 648. There have also been 364 inspections of premises, which have been previously examined, for the purposes of determining whether the orders and suggestions of the officer have been heeded, and for the investigation of new sources of complaint. As a result of investigations in particular cases, and of information gained by regular inspections, there have been issued from this office 466 formal notices embodying the orders and suggestions of the board in cases of the following nature :

Abatement of nuisances, . . . . .	78
Cleaning of vaults and privies, . . . . .	92
Providing water-closets, . . . . .	112
Connecting with public sewers, . . . . .	163
Removal of hogs, . . . . .	21

There have been 134 cases in which vaults and privies have been removed and water-closets substituted, and 75 additional water-closets have been provided within the sewer district. These closets have been set in the following classes of buildings :

Private dwellings, . . . . .	67
Tenement-houses, . . . . .	123
Business blocks, . . . . .	17
Hotels, . . . . .	2

The number of families supplied would be in excess of this number, as it is not uncommon in tenement-houses to find two or more families with but one water-closet.

#### CONTAGIOUS DISEASES.

Cases of contagious diseases have been reported by physicians in each month since May 1, as follows :

	May.	June.	July.	Aug.	Sept.	Oct.	Nov.	Dec.
Scarlet-fever,	0	2	3	4	5	2	1	0
Typhoid fever,	0	0	3	6	1	3	0	0
Diphtheria,	0	1	1	1	0	0	3	0

These cases have been reported from the following wards :

	Scarlet-fever.	Typhoid fever.	Diphtheria.	Total.
Ward 1,	0	1	1	2
“ 2,	0	3	2	5
“ 3,	0	1	0	1
“ 4,	2	0	2	4
“ 5,	2	2	1	5
“ 6,	4	4	0	8
“ 7,	9	2	0	11
Total,	<u>17</u>	<u>13</u>	<u>6</u>	<u>36</u>

Of the above cases reported, two deaths resulted, one being an infant, from diphtheria, and one adult, from typhoid fever. Wherever the physician in attendance has suggested a possibility of the disease being chargeable to unsanitary conditions, investigation has been instituted, and the parties responsible have been required to make such changes and improvements as

seemed necessary. Investigations in these and other cases have revealed the fact that many cases have existed, and probably others do exist, where the only trap used as a guard for connection with the public sewer has been situated in the pipe outside the house. This is believed to be a dangerous omission, as the house pipes are liable in time to become charged with noxious gases which can escape directly into the dwelling. To this error is undoubtedly chargeable many of the throat troubles which afflict women whose work requires frequent standing at the sink where the poisonous gases constantly rise. In all cases, a soil-pipe at least four inches in diameter should be carried from the sewer-pipe in the cellar upward through the roof of the house; and if this were made an absolute requirement by the health ordinance, there would be far less risk of contagious diseases. Cases have been found where the small lead pipes from the house have been inserted in the end of the large sewer-pipe in the cellar, with no attempt to close the opening from the sewer-pipe. As a result, the cellar must naturally become filled with sewer gases, which eventually find their way through the floors to the rooms above. A more offensive, if not more dangerous, result follows the stoppage of the sewer, when its filthy contents are discharged directly into the cellar; but even then the danger is not fully realized, as is shown by the fact that in some cases a considerable time has been allowed to elapse before the difficulty has been remedied. If no care is exercised, the stoppage of a sewer-pipe may easily occur, especially where a "slop-basin" is used.

The interior of the pipe becomes coated with the greasy substances in the sink-water, and the coffee grounds, vegetable peelings, bits of dishcloth, and other materials adhere to this until the opening is entirely closed. A noteworthy case of this kind was seen by the health officer where a six-inch pipe was completely filled, like a candle-mould, for four feet in length, the most of its contents proving a want of care in allowing matters to go into the pipe which should have been burned or buried. Cases have also occurred where the stoppage was directly attributable to the malicious acts of individuals, as where a full sized lobster was found in the pipe, and where a quart bottle had been inserted through a T.

Only one case of impure well water has been found; but in that case an investigation revealed the startling fact that two sinks emptied their slops into a rotten plank drain running within six feet of the well. That sickness existed in the families using the well was a natural consequence, as the analysis of the water by Prof. Angell, to whom a sample was sent, proved it to be unmistakably polluted with sink drainage. The well was ordered to be abandoned, and the premises have since been connected with the city water-works.

#### SEWER CONNECTIONS.

In accordance with the city ordinance, the sanitary officer has endeavored to provide for the enforcement of all the regulations relating to sewers and drains. It has consumed a great deal of time, but illustrations have not been wanting to show the necessity for oversight on the part of some municipal officer.

A few cases have occurred where parties, through ignorance or wilfulness, have attempted to make connections with the main sewer without a permit, but in every case they have been made to conform to the regulations as soon as the fact became known. Severe measures have been avoided, when possible otherwise to accomplish the desired results; but it may at some time be advisable to make an example of any one who knowingly ignores the health ordinances in this regard. In one case a man was found to be laying a sewer-pipe from his cellar to the main sewer, with the end of the pipe at the cellar lower than at its connection. In another case, a pipe being laid from a cesspool to the sewer was found to have its sewer connection high enough to have turned the stream from the sewer directly into the cesspool. Of course such mistakes are corrected, but they might not be until after much harm was done, did not the inspecting officer discover it.

There have been 118 permits granted to make connections, and most of these have been directly inspected by the health officer, and such changes and additions made at the time as were required to complete them properly and satisfactorily.

It is recommended that such change be made in the city ordinances as will place the granting of permits to enter the sewers within direct control of the inspecting officer in order

that he may be informed in ample season to be enabled to make inspection as occasion may require. As the permits are now issued by the Committee on Sewers and Drains, it is not always practicable in the busy season to notify the officer of every permit so as to give him proper opportunity to make examination before the work is too far advanced.

As a rule, the drain-layers licensed by the city council have properly attended to their duties, and have worked in harmony with the health officer in inviting proper inspection. It becomes necessary, however, to report the case of one individual who holds a license, who has persistently disregarded the requirements of the ordinances, and has apparently avoided any inspection of his work. This may arise from an assumption that his work does not need inspection, but of that the inspector should be allowed to be the judge, but it is hardly possible when it is discovered repeatedly that lateral sewers have been laid and completed before the permit has been asked for. Such action is demoralizing, and makes a grievance for other licensed drain-layers who desire to observe the regulations.

The inspections which have been made of lateral sewers connected to the main sewer have been as follows, the material being Akron pipe in all cases :

Length of 6-inch pipe, 1595 feet.	
“ 5 “	4303 “
“ 4 “	254 “
“ 3 “	52 “

making a total of 6204 feet as used in 86 different lateral sewers,—an average of about 72 feet each.

The premises thus provided with sewer connections furnish lateral sewers for

- 66 private dwellings,
- 72 tenements,
- 4 school-houses,
- 5 stores,
- 6 stables,
- 2 meat-markets,
- 1 hot-house,
- 1 photograph room,

and 39 of the above have been connected with new houses erected during the year.

A part of the sewers referred to have been laid at Penacook, within the new sewer precinct there, and the fact that 42 sewer permits have already been granted in that village shows a general appreciation of the great improvement.

In six cases plank and cement pipe drains have been taken up in various parts of the city and replaced by Akron pipe.

At the suggestion or order of the board of health, there have been abandoned and discontinued during the current year,—

- 30 cesspools,
- 51 surface drains,
- 10 old wells used as cesspools,
- 7 drains discharging under stables.

A considerable sum has been expended in extending the main sewers to localities where needed, as will be seen by the report of the Committee on Sewers and Drains, and a considerable section is thus permanently provided with drainage facilities.

The extension of Warren street sewer from Tahanto street to Liberty street provides sewer accommodations for sixteen private houses now erected, of which thirteen have already connected.

The Pine street extension from Orchard to School street provides for nine dwelling-houses, of which five have already connected.

The Franklin street extension to High street provides for fifteen houses, seven of which have made connections, and there have been eight connections to the new sewer in the rear of the east side of South Main street, besides others of less number in other localities.

From the foregoing statement of the business transacted in connection with this office it will be seen that the duties of the sanitary officer are varied in character, but all intended to promote and encourage progress in providing for the health and safety of the public.

An equable temper and much self-control are required in dealing with many of the persons whose attention is called to an

infraction of the law, especially where a suspicion exists that some individual has entered a complaint. Every effort has been made to enforce the laws with as little friction and hard feeling as possible, and in most instances it is believed that such efforts have been crowned with success.

For the uniform support and assistance extended to the officer by the members of the board of health, he returns his most grateful acknowledgments.

Respectfully submitted,

HENRY A. ROWELL,

*Sanitary Officer.*

## REPORT OF THE CITY PHYSICIAN.

---

*To the City Council:*

The services of the City Physician, for the year ending January 1, 1890, have been required as follows:

Whole number of visits made, . . . . .	116
Prescriptions given at office, . . . . .	6
Obstetric cases attended, . . . . .	1

Nothing has occurred in connection with these duties worthy of special mention, unless it may be of interest to state that no case of any of the so called contagious diseases has been treated, which fact we may no doubt largely ascribe to the faithful work of our health department.

Respectfully submitted,

E. A. CLARK, M. D.,  
*City Physician.*

VITAL STATISTICS.

# VITAL STATISTICS.

To the City Council: In compliance with an act of the legislature passed June Session, 1887, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages, and deaths to the municipal officers for publication in the annual report," I hereby submit the following:

## Births Registered in the City of Concord, N. H., for the Year ending December 31, 1889.

### JANUARY.

Aiding and abetting prize fighting, . . . . .	9
Bastardy, . . . . .	1
Bigamy, . . . . .	1
Breaking and entering, . . . . .	13
Common drunkard, . . . . .	14
Common seller of spirituous liquor, . . . . .	2
Cruelty to animals, . . . . .	3
Committing a nuisance, . . . . .	1
Deserting an infant child, . . . . .	1
Drunkenness, . . . . .	252

Disposing of leased property, . . . . .	1
Defrauding boarding-house keepers, . . . . .	1
Escape from house of correction, . . . . .	4
Evading railroad fare, . . . . .	4
Exposing his person, . . . . .	2
Forgery, . . . . .	2
For out of town officers, . . . . .	14
Fornication, . . . . .	2
Horse-stealing, . . . . .	2
Idle and disorderly persons, . . . . .	5
Insane, . . . . .	6
Keeping spirituous liquors for sale, . . . . .	28
Keeping malt liquors for sale, . . . . .	41
Keeping cider for sale, . . . . .	2
Keeping open Sundays, . . . . .	3
Malicious trespass, . . . . .	4
Neglecting to support his family, . . . . .	1
Neglecting minor children, . . . . .	1
Prize fighting, . . . . .	2
Placing obstructions on railroad track, . . . . .	2
Rude and disorderly conduct, . . . . .	15
Rape, . . . . .	1
Safe keeping, . . . . .	10
Stealing, . . . . .	31
Stealing a ride, . . . . .	2
Selling spirituous liquor, . . . . .	3
Selling cider, . . . . .	5
Stubborn child, . . . . .	4
Threatening bodily harm, . . . . .	1
Tramps, . . . . .	2
Number of arrests made by G. S. Locke, . . . . .	68
J. E. Rand, . . . . .	62
John E. Tucker, . . . . .	29
D. O. Andrews, . . . . .	25
C. H. Sanders, . . . . .	34
D. S. Flanders, . . . . .	46
J. P. W. Roach, . . . . .	29
Horace Robinson, . . . . .	6

Assisted in making arrests, G. S. Locke, . . . .	32
J. E. Rand, . . . .	64
John E. Tucker, . . . .	9
D. O. Andrews, . . . .	56
C. H. Sanders, . . . .	43
D. S. Flanders, . . . .	22
J. P. W. Roach, . . . .	30
Horace Robinson, . . . .	8
Arrests made by special officers, . . . .	38
Assisted in making arrests by special officers, . . . .	32

I would most respectfully suggest that the Police Department requires a police wagon, one that can convey six or eight persons, and suitable for use as an ambulance in case of accident or death. Frequently we are obliged to crowd two officers and three arrests into a small wagon, and in such a cramped condition it is quite difficult to handle an ugly, fighting "drunk," besides incurring danger to the officers by being thrown from the carriage. It could be kept without expense, and might save an accident of a serious nature.

Since my last report, arrangements have been made at West Concord for locking up prisoners, which has proved very convenient; and I would again recommend the same arrangement be made at East Concord, with telephone attached, which would assist this department, and, in case of fire, would be of great service to the public.

#### VICIOUS DOGS.

I will again call your attention to the dog question. Shall our citizens have any protection from vicious animals? You are no doubt familiar with the many complaints from people who have been attacked by dangerous dogs. If an ordinance could be passed requiring owners to keep such dogs on the chain, or dispose of them, it would be an act of safety towards protecting our citizens who are obliged to pass where this class of dogs are kept.

#### EFFICIENCY OF THE FORCE.

The force is efficient and well disciplined, notwithstanding it is smaller in proportion to the population than any other city in

this state. The preservation of order and the suppression of crime will compare favorably with any city.

This report shows that this department has not been idle. When the amount of territory covered and the distance travelled are considered, a better idea is given how industrious the officers have been. I know of no Police Department that has worked harder than the Concord officers for the past year, and I take pleasure in thanking each officer for his courteous treatment and his hearty coöperation in all the duties pertaining to this department.

In conclusion, I wish to extend to His Honor Stillman Humphrey, the mayor and chief of police, and your honorable body, my sincere thanks for the considerate treatment received at your hands. To the citizens who have sustained the force by their influence, and to the reporters who are always on the alert, and to Harry G. Sargent, city solicitor, for the prompt and efficient aid he has given, this department are under many obligations.

G. SCOTT LOCKE,  
*City Marshal.*

## REPORT OF THE POLICE JUSTICE.

---

*To the City Council :*

The Police Justice herewith submits his annual report for the year 1889 :

The number of civil actions entered before him was	126
The number of arraignments before him for criminal offences was . . . . .	455

The nature and disposition of the prosecutions brought on behalf of the city are set forth in the report of the City Marshal for the year 1889.

The Police Justice charges himself as follows :

For costs from criminal prosecutions, . . . . .	\$1,790.69
For fines from same, . . . . .	2,018.50
For fees for civil actions, . . . . .	67.57
	<u>\$3,876.76</u>

And discharges himself as follows :

Paid City Marshal for his fees in criminal prosecutions and witness fees in same, . . . . .	\$969.68
Paid witnesses, costs in criminal prosecutions not brought in behalf of the city, and for complaints and warrants not drawn by the City Solicitor, . . . . .	175.14
Paid City Treasurer, . . . . .	2,731.94
	<u>\$3,876.76</u>

B. E. BADGER,  
*Police Justice.*

Concord, N. H., Dec. 31, 1889.

## REPORT OF THE SPECIAL JUSTICE.

---

*To the City Council:*

The Special Police Justice submits the following report:

I have held court one day, March 14, during the past year, and there have been two criminal arraignments before me.

Two drunks;—the defendants pleaded guilty, and were fined.

I charge myself as follows:

To fines in criminal cases, . . . . .	\$6.00	
To costs in criminal cases, . . . . .	18.88	
	\$24.88	\$24.88

I discharge myself as follows;

By cash paid G. S. Locke, officers, and witness fees, . . . . .	\$14.88	
By cash paid city treasurer, . . . . .	10.00	
	\$24.88	\$24.88

ROB'T A. RAY,  
*Special Police Justice.*

Concord, September 1, 1889.

## REPORT OF THE CITY SOLICITOR.

---

### *To the City Council :*

At the date of my last annual report there were two cases pending in the supreme court in which the city was interested as a party. One of these cases, Concord against the Concord Horse Railroad, was decided at the March Law term, 1889, and the position taken by counsel for the city was sustained. The temporary injunction against the railroad was made permanent. Since that time the railroad has complied with its charter as construed by the court, and applied to the mayor and aldermen to locate the turn-out which was complained of, and the same has been properly laid out and located.

In the case of *Haskell v. Concord*, which has been referred to Hon. Jeremiah Smith, of Dover, a view of the premises where the alleged injury occurred has been taken, and the final hearing of the case will soon be concluded. At the present time there are several suits pending in the supreme court in which the city is interested as a party. Two of these—the suit of Lowell Eastman and the suit of Nancy L. Dutton—are claims for damages to real estate which has been taken by the city for highways. Under the statute these cases will be tried by the county commissioners. The suit of the Amoskeag Manufacturing Company is an action brought for an abatement of taxes assessed on their land and water-power in Concord, which has been paid by them under protest. The matter has been referred by the supreme court to a board of three commissioners, consisting of Hon. E. G. Eastman and Winthrop N. Dow, of Exeter, and Joseph Barnard, of Hopkinton. A hearing has been commenced, and will soon be completed.

The actions of John C. Smith against Concord, and Maria Harrison against Concord, are brought to recover for injuries

caused by alleged defects in the highway. In the Smith case the damages claimed are \$1,000, and the defect is alleged to have been caused by the track and motor of the Concord Horse Railroad. The Horse Railroad have assumed in connection with the city the defence of the suit, and if any verdict is recovered against the city, which I do not anticipate, it will be paid by the Horse Railroad.

In the Harrison case damages are claimed in the sum of \$10,000, and the case will be in order for trial at the next April term of the supreme court.

In October, 1889, certain parties who had purchased the Central House, on Centre street, attempted to build an additional story in the night-time, without the permission of the mayor and aldermen, thereby violating the provisions of the city ordinance establishing a fire precinct. On complaint of the board of fire underwriters the mayor immediately caused proceedings to be commenced, and the supreme court granted a temporary injunction against the proprietors of said building. Subsequently said proprietors made a proper application to the mayor and aldermen for permission to construct said additional story, which was granted, and on payment of costs by the proprietors the injunction was dissolved.

Numerous claims against the city for injuries caused by alleged defects in the highways are continually being presented, and as the number and length of the streets continue to increase, the number of such claims are not likely to decrease in the future. In these cases it is very important for the interest of the city that all the facts and circumstances surrounding each case should be ascertained while fresh in the minds of the parties who have any knowledge in relation thereto. It not infrequently happens that parties file claims against the city nearly six months after the injury complained of occurred. In such cases it is manifest that the city labors under a serious disadvantage in investigating the merits of the case, or in preparing to defend against the same. I would therefore recommend that the commissioner of highways, or some other proper officer, be instructed to investigate all the facts in connection with any accident occurring in the use of the highways in the city as soon as the same comes to his knowledge from any source,

whether any claim is filed against the city or not, and immediately thereafter report such facts to the city solicitor, with the names of any persons whom he shall find to have any knowledge in relation thereto.

HARRY G. SARGENT,

*Solicitor.*

## REPORT OF CITY LIQUOR AGENT.

*To the City Council :*

In compliance with section 11, chapter 109 of the General Laws of this state, and the resolution of the Board of Mayor and Aldermen, of May 26, 1888, establishing this agency, I respectfully report the transactions of this office for the year 1889.

Respectfully submitted,

N. F. LUND,

*City Liquor Agent.*

Concord, N. H., Dec. 31, 1889.

STATE OF NEW HAMPSHIRE,  
MERRIMACK COUNTY SS.

January 1, 1890.

Personally appeared N. F. Lund, and made oath that the foregoing account by him rendered is correct, according to his best knowledge and belief. Before me,

J. A. COCHRAN,

*Justice of the Peace.*

## REPORT OF THE PARK COMMISSIONERS.

*To the City Council:*

The Park Commissioners beg leave to submit this their first annual report.

At a meeting of the board held early in the summer it was decided, in order to fulfil the agreement made by the city upon the acceptance of White Park from the donor, Mrs. Nathaniel White, that work should be commenced at once.

In the absence of a definite plan, it was decided that the work done should be confined to the removal of the most unsightly features of the ground in order that a better and more comprehensive study could be made for a plan, which the commissioners felt was the first step that should be taken, that the work might be pursued with the best results.

The work the past season, excepting the careful preservation of the fine springs upon the ground and the construction of an artificial pond, has been preparatory to more complete work in the future. The services of Mr. Charles Eliot, of Boston, Mass., a prominent landscape architect, were secured later in the season to make surveys and plans of the ground, and submit the same to the commissioners.

A preliminary plan was prepared and submitted by Mr. Eliot, who is now at work perfecting same, and it will soon be laid before the commissioners for their final consideration. It is intended to show that the grounds can be developed year by year, and thereby, with small expense, make this a beautiful and attractive spot.

It will be seen by the report given elsewhere, that the commissioners had, as available funds at the beginning of the year, \$4,200, to which has been added the amount of the city appropriation, \$1,000, for 1889, and from interest and other sources \$242.96, making a total of \$5,442.96. There has been expended

for labor upon the grounds, and for incidentals during the year, \$1,838.84, leaving a balance of \$3,604.12.

The commissioners feel assured that no mistake is being made in the development of White Park, and thus offering to our citizens, by its close proximity, the rare enjoyment of a "woodland park, with the shade of its dense canopy of trees as cool and refreshing, and with springs of water as abundant and pure, as can be found elsewhere in the state," making it a valuable acquisition to our city; they therefore respectfully ask that an appropriation be made for the coming year.

Respectfully submitted:

STILLMAN HUMPHREY,  
JOHN F. JONES,  
BENJAMIN C. WHITE,  
HENRY W. CLAPP,  
JOSIAH MINOT,  
WILLIAM P. FISKE,

*Park Commissioners.*

## TREASURER'S REPORT.

West Concord, N. H., Jan. 1, 1890.

## REPORT OF THE SPECIAL COMMITTEE FOR THE IMPROVEMENT OF BLOSSOM HILL CEMETERY.

*To the City Council:*

The special committee for the improvement of Blossom Hill cemetery respectfully submit the following report for the year ending December 31, 1889:

The work of the past season has been a continuation of the front wall. Beginning at the south line of the approach to the proposed gateway entrance, the wall has been extended on the line of the street a distance of about 615 feet to the south-east corner of the enclosure, at an expense, including surveys, of \$2,719.80. A corner post of suitable design at this boundary point will complete the wall south of the approach to the gateway, unless the city should determine to enlarge the grounds somewhat by the purchase of an additional strip of land southerly, toward Penacook street, to straighten and improve the south line—a suggestion which has received some consideration from the committee, but upon which proposition no recommendation has as yet been agreed upon. It is presumed the city will lower the grade of Rumford street at an early day to correspond with the height of the wall as established by the engineer, which will improve the appearance of the grounds from that direction.

The work has been done by J. R. McDonald, under the direction of the sub-committee, and the wall is believed to have been laid in a thoroughly substantial manner. The grading required for the laying of the wall has been done under contract with Brown & Abbott and E. H. Runnells. The necessity for a general levelling of and bringing to grade the inequalities of the surface for a varying number of feet back from the line of the completed wall and almost its entire length is an urgent

one, but little can be done in this direction at present without an increased appropriation.

Details of expenditure will be found in the report of the treasurer.

There still remains to be built about 350 linear feet of front wall, to extend northerly that section laid in 1888, from the point where it was left uncompleted to the north-east corner of the cemetery, where another ornamental post to correspond with that at the other corner will be required. These posts will also correspond in general design with the work of the arched gateway proposed. In addition to this the approaches to the main gateway should be constructed the coming season. This will require about 70 feet of curved (convex) wall on each side of the entrance way, or a total of 140 feet. This will presumably be somewhat more expensive to build than the straight wall. Definite plans should also be made for the arched gateway.

Your committee renew the hope expressed in a former report that some individual or number of individuals may contribute the means for erecting a memorial gateway that shall serve as an enduring tribute to the memories of the departed, and evidence the tender love and generosity of the donors.

While your committee do not feel disposed to unduly urge upon an already burdened city the necessity for an increased appropriation for this work of improvement, they regret that it does not progress more rapidly ; that the date of its completion at the rate now followed must be considerably remote. Do we realize that this now hallowed spot was consecrated thirty years ago ; that since that time a generation has passed away ; that of the committee who made the selection, all but one ; that five of the six clergymen who participated in the exercises of consecration, and the mayor who presided on that occasion, are now numbered with the silent ; that within this sacred enclosure repose the remains of between four and five thousand of our much loved dead, endeared to us by the tenderest and most holy memories ; that the time is not far distant when this silent city of the dead may outnumber the city of the living ; that while in the latter so many pleasing evidences of thrift abound, this resting-place of those who made our city so comely

and attractive, and sanctified these homes of ours, is still in a condition (surrounded here and there by remnants of unshapely and tumbling pasture wall) hardly compatible with our love? While the expenditure of individual means for the adornment of private enclosures has been liberal and tasteful, surely the appropriations of the municipality for the improvement of its general appearance have been by no means lavish or excessive. When this measure, the improvement of the cemetery, was before the former city council, one of its members and one from an outlying ward urged the appropriation of a sufficient sum to speedily complete the needed improvements, and distribute over a short term of years the payment of the debt incurred. That suggestion may not, perhaps, be unworthy of consideration at this time.

Respectfully submitted :

JOHN C. ORDWAY,

*Secretary of the Committee.*

Concord, Dec. 31, 1889.

# FIRE DEPARTMENT.

---

## REPORT OF THE CHIEF-ENGINEER.

*To His Honor the Mayor and Gentlemen of the City Council:*

I herewith submit the annual report of the Fire Department, showing the work done in the year 1889, the loss by fire, and amounts received from insurance on property damaged; a list of officers and members, apparatus, hose, hydrants, and reservoirs, and their location; rules governing the Fire Department; also a table of the fire alarm boxes.

The work of the Department up to October 28 was under the efficient management of Chief Charles C. Blanchard, when he was called to his long home by death after a sickness of three weeks. After his death Assistant-Engineer Andrew L. Lane performed the duties of Chief until the election of the present incumbent by the Mayor and Board of Aldermen December 10, 1889.

### FIRES AND ALARMS.

The Precinct Department responded to twelve box alarms and nine still alarms.

The Penacook Department responded to five alarms.

The East Concord Department responded to two alarms.

The West Concord Department responded to one alarm.

Total, twenty-eight.

### ALARMS AND FIRES IN PRECINCT.

February 15, 7:26 P. M., box 25, test alarm by Chief Blanchard, for drill.

February 17, 2:4 P. M., box 18, Washington street, dwelling-house owned by Mrs. Cavis S. Hill, occupied by Jason Howe. Loss on house, \$400; insurance, none. Loss on contents, none; insurance, none.

February 23, still, chimney fire, George E. Chesley, Prince street; no loss.

February 23, still, chimney fire, Dr. Pratt's house, Warren street; no loss.

March 17, 12:48 P. M., box 52, house, barn, and shed owned and occupied by John H. Lamprey. Loss on buildings, \$800; insurance, \$800. Loss on contents, \$150; insurance, 150.

March 26, still, chimney at house of Geo. W. Drew, Cambridge street; no loss.

April 11, still, house of H. F. Paul, South street; no loss.

April 28, still, chimney, Downing street; no loss.

June 18, 11:54 A. M., box 13, dwelling owned by Walter Bates. Loss on house, \$14.70; insurance, \$14.70.

June 21, 6:35 A. M., box 32, Giles street, brushwood; no loss.

June 21, still, chimney, Bowery Avenue; no loss.

September 30, still, chimney, house of Geo. Smith, Prince street; no loss.

October 1, 7:20 P. M., box 24, fire in shed of the American House. Loss, \$31; insurance, \$31.

October 7, 6:37 A. M., box 17, Tremont street, dwelling owned by Mary Spain. Loss, \$25; insurance, \$25.

October 12, 8:20 P. M., School street extension, house owned and occupied by Lewis Martin. Loss on house and contents, \$400; no insurance.

October 18, 5:44 P. M., box 42, chimney, Mrs. Halpin's house, Monroe street; no loss.

October 23, 11:40 A. M., chimney, Avery block, South Main street. Loss, \$2.50; insurance, \$2.50.

October 24, still, 1:30 P. M., house on Warren street owned by Mrs. S. A. Dustin. Damage to house, \$40; insurance, \$40.

Damage to E. E. Clarke, \$75; insurance, \$75.

November 15, 12:20 A. M., box 25, Phenix hotel. Loss on room and furniture, \$51.74; insurance, \$51.74.

November 16, still, chimney, house occupied by Mr. Sargent, Centre street; no loss.

November 24, 4:43 A. M., box 14, stables and car-house of the Concord Horse Railroad. Total loss on buildings, \$3,600. Loss on contents, \$1,800. Insurance on buildings, \$3,600. Insurance on contents, \$1,800.

November 24, 12:30 A. M., American House. Loss on furniture, \$16.55; insurance paid, \$16.55.

PENACOOK.

January 28, 8:15 P. M., burning chimney, Crescent street, Boscawen; no loss.

April 18, 8 P. M., fire in yard Concord Axle Co., Boscawen; no loss.

April 21, 11:25 A. M., dwelling-house of Francis Jimmery on West Canal street, caused by burning chimney. Loss, \$500; insurance paid, \$500.

October 2, 3:40 P. M., chimney, house of Rev. J. W. Bean on Spring street; no loss.

November 7, 11:15 A. M., dwelling-house of Mrs. Martha J. Morrill, caused by burning chimney. Loss, \$62.87; insurance paid, \$62.87.

EAST CONCORD.

March 18, 1 A. M., dwelling-house, Potter street, owned and occupied by Chas. D. Rowell. Loss on building and contents, \$400; insurance paid, \$78.

November 49, 10 P. M., house and barn, owned and occupied by Nathaniel P. Richardson. Total loss, buildings, \$600. Contents, \$300. No insurance.

WEST CONCORD.

April 2, 3 A. M., dwelling-house, owned by Concord Mfg. Co. Loss, \$140; insurance paid, \$140.

Summary.	Insurance Paid.	Loss.
Precinct, . . . . .	\$6,694.49	\$7,316.49
Penacook, . . . . .	67.87	67.87
East Concord, . . . . .	78.00	1,000.00
West Concord, . . . . .	140.00	140.00
Totals, . . . . .	<u>\$6,980.36</u>	<u>\$8,525.36</u>

HOSE.

In the Precinct Department are 4,400 feet Paragon, 100 feet jacket, 800 feet American jacket, 700 feet Boston woven hose.

Penacook, 1,200 feet fabric, 1,000 feet leather. West Concord, 1,000 feet leather hose. East Concord, 600 feet leather hose.

#### HYDRANTS.

There are 174 public and 22 private hydrants, 4 public hydrants being put in this year.

#### APPARATUS AND FORCE.

The force of the Department is as follows: In the Precinct, at the Central Station, two second-class Amoskeag steamers,—“Kearsarge” with “Kearsarge Hose” (16 men), and Gov. Hill relief steamer with Eagle Hose (13 men). The hose-carriages are both of Amoskeag manufacture with reels. Hook and ladder carriage “City of Concord” (20 men). All the apparatus is drawn by horses. All the men in these companies are call men. Permanent men are steward, assistant steward, and three drivers. There are six horses beside the steward’s horse held within reasonable distance. Alert Hose (12 men), at the North End. The Alerts use a modern hose-wagon, and are provided with a horse kept constantly at the hose-house.

Good-Will Hose (12 men), South End. The Good-Will use a modern hose-wagon, purchased by members of the company, and are provided with a horse in the house. Each company has a swing harness. All the men are call men.

The “Pioneer” steamer at Penacook (28 men) is a fourth-class Silsby, with a second-class Amoskeag hose-carriage. The steamer can be drawn by horses or by hand, as necessity requires.

The “Old Fort” at East Concord, and the “Cataract” at West Concord, are hand-engines, with jumpers for hose. Each company has 30 men. All the companies in the Department are supplied with hose-sleighs, except “Old Fort” at East Concord.

We desire to thank all the officers and members of the Department, and the Mayor and City Council, for their willing support accorded to us in our duties as Chief of the Department.

CHARLES A. DAVIS,

*Chief of Fire Department.*

## SUMMARY OF MEMBERS.

Hunneman 6-inch cylinder hand engine, two hose jumpers and hose sleigh in charge of this company, drawn by hand.

REGULATIONS OF THE CONCORD PRECINCT  
FIRE DEPARTMENT.

ADOPTED BY THE BOARD OF ENGINEERS, AUGUST, 1888.

ARTICLE 1. Any engine or hose company running out a line of hose from a hydrant or steamer shall be entitled to the pipe, although the hose of other companies may be attached in order to reach the fire; and any company coming to a fire, and finding an incomplete line of hose laid out from a hydrant or steamer, shall attach to and lengthen out such line in lieu of laying a line of its own.

ART. 2. When two or more engine or hose companies are playing in a continuous line, the pipe shall belong to the company attaching to the hydrant or steamer, as provided in the foregoing article; but any company furnishing the *entire* line, and receiving water from a steamer, the pipe shall belong to such company so receiving.

ART. 3. Each engine and hose company shall have equal claim to the hydrants; but it is enjoined upon the engine companies to draught their own water from a reservoir, wherever a suitable one can be found within a reasonable distance.

ART. 4. No company shall take possession of a hydrant or reservoir, unless their hose and apparatus for attaching to the same are at hand and ready for use. The company which shall be thus ready shall be entitled to such hydrant or reservoir; but, upon the order of an engineer, another company may attach a second line of hose from such hydrant or steamer, in case the same may be necessary, such company having first laid its hose, and being ready to attach the same.

ART. 5. No engineer shall interfere with or attempt to give orders relative to the location or use of a line of hose when he has ascertained that another has command of it, unless by consent of the engineer in charge of it, or by orders of the officer in command at the fire; and it shall be his duty to inquire whether there is an officer in charge.

ART. 6. In proceeding to, working at, or returning from fires, noisy demonstrations are strictly prohibited, and it is required of officers of companies to maintain perfect order and decorum in their respective commands during all such service.

ART. 7. No company, while returning from a fire, will be allowed to proceed faster than a walk, and it must at all times keep on the right of the street. Drivers are strictly enjoined, in proceeding to a fire, to use the utmost care and caution consistent with promptness. Racing between companies is forbidden under any circumstances. Any collision or casualty occurring to horses or apparatus will be considered a sufficient cause for the suspension of the driver in charge at the time.

ART. 8. No member of any company shall leave the city without first informing his foreman; no foreman or assistant engineer, without first notifying the chief engineer,—in each case the party so leaving providing a substitute.

ART. 9. In case of fire, the foreman first arriving shall be in command until the arrival of an engineer.

ART. 10. Any order issued by the chief or an assistant engineer shall be promptly obeyed.

---

## RULES FOR DRIVERS.

The drivers shall be required to occupy sleeping apartments in the Central Station, each being allowed two nights off each week, from 9 o'clock P. M. to 6 o'clock A. M., upon particular nights to be designated, by the steward.

They shall be at or near the station at all times, except when employed by the superintendent of streets, or absent by permission of the steward or an engineer, and shall perform such duties as the steward or chief-engineer may direct.

They shall groom and take proper and trusty care of their horses; shall keep the stables clean, and the harnesses and all things pertaining to their department in order; shall have the horses harnessed as directed, and not leave the station without everything in readiness for immediate service; shall exercise their horses when required by the steward or chief-engineer, and practise care and economy in feeding and general management.

In case of fire, the drivers shall be subject to the orders of any engineer.

## FIRE-ALARM TELEGRAPH.

## NUMBER AND LOCATION OF FIRE-ALARM BOXES.

For the purpose of uniformity in numbering the fire-alarm boxes, the city is divided into five districts, viz. :

DISTRICT 1 Embraces that section of the city north and west of Washington street, box 17 of this division being located on the *south* side of the street.

DISTRICT 2. Embraces all between School and Washington streets.

DISTRICT 3. Embraces all between Pleasant and School streets.

DISTRICTS 4 and 5. Embrace all south of Pleasant street.

The first figure of the box number will indicate the district.

## DISTRICT No. 1.

- 13. Franklin and Rumford.
- 14. State and Penacook.
- 15. Main and Church.
- 16. Franklin and Jackson.
- 17. Alert Hose House.
- 18. Greeley & Todd's store.

## DISTRICT No. 2.

- 23. Main and Chapel.
- 24. Main and Centre.
- 25. Main and School.
- 26. Centre and Union.
- 27. School and Merrimack.

## DISTRICT No. 3.

- 32. Warren and Pine.
- 34. Central Fire Station.
- 35. Main and Pleasant.
- 36. Pleasant and Spring.
- 37. Junction Pleasant and Washington.

## DISTRICT No. 4.

- 41. South and Thompson.
- 42. Good-Will Hose House.
- 43. Main and Fayette.
- 45. L. B. Hoit's Store.

- 46. Perley and Grove.
- 47. South, opposite Downing.
- 48. Thorndike and South.
- 49. West and Mills.

## DISTRICT No. 5.

- 52. Turnpike and Allison.

## PRIVATE BOXES.

- 5. Concord and Northern Railroads—north end Passenger Depot.
- 6. The Abbot-Downing Company.
- 7. New Hampshire Asylum for the Insane.
- 8. Page Belting Company.
- 33. State House.

Names of key-holders will be found on the boxes.

---

 FIRE-ALARM SIGNALS.

1. Alarms rung in from boxes 41, 42, 43, 45, 46, 47, 48, 49, and 52, will *not* be responded to by the Alert Hose until signalled. The signal to proceed to the fire will be a second alarm; the signal of dismissal, *three strokes* of the bells.

2. Alarms rung in from boxes 13, 14, 15, 16, 17, 18, 23, and 26 will *not* be responded to by Good-Will Hose until signalled. They will be governed by the same signals as the Alert Hose.

3. *Eleven consecutive strokes* of the bells, following any regular box alarm, or during any fire, is a call for the relief steamer (Gov. Hill), and will be responded to by Eagle Hose, which has that steamer in charge. The relief steamer will, however, respond to the *first alarm* from Box 7 (N. H. Asylum for the Insane) without special call.

4. *Two rounds* of each *eleven strokes* of the bells, with an intermission of one minute between the rounds, without any regular box alarm, will signalize the requirement of a steamer from outside the Precinct, and will be responded to by Kearsarge and Eagle Hose companies alone. In case further aid is necessary, the box-alarm 34 (Central Station) will follow.

(These rounds of eleven strokes, which are signals for the relief steamer, or a call from out of town, must not be confounded with an alarm from private boxes 5, 6, 7, or 8.)

From the above, it will be seen that the companies are subject to calls as follows :

*Steamer Kearsarge and Hose*—To all calls except the relief steamer.

*Eagle Hose*—To all calls, including the relief.

*Hook and Ladder*—To box alarms only.

*Alert Hose*—To box alarms only above Pleasant street, all private boxes, and upon second alarm to boxes below.

*Good-Will Hose*—To box alarms only below Centre street, all private boxes, and upon second alarm to boxes above.

The signal for dismissal (three strokes) is used only for the purpose of notifying the companies *not* on duty that their services are not required, and does not imply that the fire is out, or that the companies *on* duty are dismissed.

---

#### TESTING SIGNALS.

For the purpose of testing the condition and accuracy of the fire-alarm telegraph, a box alarm will be rung in every Monday afternoon at 4 : 30 o'clock *precisely*. It will be *one single round only*, indicating by the strokes on the bells the number of the box ; and the box will then be cut out, and no additional round sounded. The boxes used for this purpose will vary each week, alternating in the circuits.

Upon each other week-day a single blow upon the bell will be struck from the button of a box, alternating as before mentioned.

---

#### THE FIRE-ALARM TELEGRAPH

Is the "Gamewell" patent. It embraces nineteen miles of wire on the main lines, and seven miles of extension wire for call-bells.

On the main line are twenty-five fire-alarm boxes belonging to the city, and four private boxes,—in all, twenty-nine. There are three alarm bells,—one of 3,724 pounds (bell-metal), one of 3,740 pounds (bell metal), and one of 2,000 pounds (American steel). There are also seven engine-house gongs, four mechanical tappers, one four-circuit repeater, and three indicators.

On the extension line are twenty-three call-bells.

The battery consists of 103 cups for the main line, and five cups for the extension.

The alarm was put in in 1880 by Edwin Rogers, 27 Federal street, Boston, Mass.

## PUBLIC RESERVOIRS.
